

THE
WORLD'S
HIGHEST
CLIFF JUMP

IDEAL AND SPECTACULAR LOCATION

Shotover Canyon Swing is adventure at it's best – a high adrenaline personal challenge with a unique mixture of scariness and fun located just 10 minutes from Downtown Queenstown above the Shotover River. Our convenient Arthur's Point location, dramatic setting and array of different jumpstyle options provides a truly memorable experience for groups of 6 – 100 people. Our jumpstyle portfolio includes options for solo jumps and tandems.

Our cliff-mounted platform is 109m above the spectacular Shotover River. You freefall 60m past rocky cliff faces into the canyon before the ropes smoothly pendulum you into a giant swing of 200m at 150kph. The beauty of Shotover Canyon Swing is the option to jump anyway you like, with 70+ jumpstyles and the ability to jump or be released, we can expertly manage the fun and scariness for everyone - from knitting nanas to adrenalin junkies we have the style to suit!

FACILITIES

Our cliff-top viewing facilities take in the magnificent setting of the Shotover River Canyon, ideal for not only watching the swinging action but for hosting your special group in our private and exclusive venue. As well as the Shotover Canyon Swing personalized service, top quality adventure experience and return transport options, we can add a range of additional features for hosting your delegates – we are happy to talk about your requirements.

THEMING

When its important to get your own message through to your special group, talk to us about the theming options you have. Due to our private setting many exclusive signage and theming options are available, which we can extend to personalised/branded souvenir photos, DVDs and other merchandise.

If swings were like this when I was a kid,
I would never have left the playground

George Gunn, UK

What's your style?
