

CORPORATE & INCENTIVE GROUPS

HELLO.

WELCOME TO SHOTOVER CANYON SWING

The folk behind “not your average backyard variet swing”, or Shotover Canyon Swing as it’s more commonly known, set up the world’s #1 canyon swing back in 2002. The time has been spent wisely, throwing all who are keen from our platform over the Shotover River in a number of unique ways thought up by us.

Our main objective is to make sure our customers and staff are having a great time. Hosting your team at Shotover Canyon Swing is sure to be the highlight of your event.

LOCATION.

SHOTOVER CANYON

We are lucky to be operating above the world's second richest river (there was a lot of gold in there in the 1800s), the stunning Shotover Canyon.

Surrounded by epic mountains, native bush, the beautiful colour of the Shotover River and a solid landslip, your eyes are in for a feast! It feels a world away but is only 15 minutes from Queenstown centre with our transport.

We are based on DOC (Department of Conservation) land via a private road that the owner is kind enough to let us use. Being on DOC land means the area is stunning and well maintained by us; planting trees and keeping it green with the use of solar energy where possible.

It's good to note that the view is just as awesome at the bottom of the canyon as it is at the top!

EXPERIENCE.

THE CANYON SWING

Ready for the most unique swinging experience in the world?! Since opening operations in 2002 we have pushed the boundaries of fun and just how ridiculously you can jump off a cliff! Forwards, backwards, upside down, flips, on a trike, off a slide, in a bin, in our famous garden chair - there are heaps of options to choose from, all with their own free fall feeling and challenge.

The icing on the cake is the delivery. Our staff are known for their 5 star customer service, helping out those who are scared and heightening your jump further if you are feeling brave. Think of bad jokes and random banter and you will have a bit of an idea.

We are also the only Swing in the world that allows you to be released or choose to jump yourself, opening up the experience for people of all adventure levels. Still scared? Then jump with a friend for some support with our tandem options. There is something for everyone at Canyon Swing.

VENUE.

OUR HOME AWAY FROM HOME - THE DOME

Our operational site, or the dome as we lovingly call it, is quite the construction. A 300 metre 'nature' walk down the track from our site car park and your met by this structure on the edge of a cliff.

Step inside and your met by open pan views that look out over the canyon and the perfect spot to take in surroundings and see what you are soon to experience.

Dome capacity standing: 44

Features: Balcony to view your teams swinging antics. Large bi-folding windows for more views from the inside if balcony is busy.

HIRE.

THE FACTS

What you need to know about hosting an event with us.

- Flexible timings and options. We are open to all ideas to make your event special.
- 15 minutes drive from our shop and most central Queenstown accommodation.
- Private hire available.
- Regular trips throughout the day that can be booked as optionals for your event attendees.
- Great for small groups. We average 10 jumps an hour so could jump 20 if going tandem.
- Our transport carries 11 at a time and we have fleet of 4 (44 total pax). More can be arranged with notice.

LET'S DO IT.

GET IN TOUCH

We're stoked that you're keen to host your event with us. Give us a call or flick us a message and we can get the plan together.
